

GE HealthCare × Aon HomeHub

Full format · Sample questions · 2 end-to-end mock tests · Sources

Prepared for **Ojas** · Original practice material · Not affiliated with Aon or GE HealthCare · 2026

How to use: Read Section 1 → try the samples → sit Mock 1 timed → review answers
→ sit Mock 2 on another day → use official Aon demos listed in Section 5.

Contents

1. Test format overview
2. Sample questions + answers
3. Mock Test 1 (end-to-end)
4. Mock Test 1 answer key
5. Mock Test 2 (end-to-end)
6. Mock Test 2 answer key
7. Preparation sources
8. Day-of checklist & strategy

1. Test Format Overview

Platform

Item	Detail
Portal	Aon HomeHub — aon-assessment.com/homehub
Access	Invitation link + Sign-In ID from email
Total time	~50 minutes including instructions
Device	Laptop / desktop preferred
Browser	Chrome / Edge / Firefox — pop-up blocker OFF
Deadline	Usually 3 days from invitation

The four modules

#	Module	Name	Time	What you do
A	Personality	ADEPT-15	25–30 min	Pick which of two statements is more like you. Adaptive. No right/wrong.
B	Inductive	scales ix	5 min	20 tasks. Nine objects — find the odd one out.
C	Deductive	gapChallenge	6 min	Unlimited grids. Fill the ? cell. Latin-square rule.
D	Planning	motionChallenge	6 min	Unlimited puzzles. Move deflectors so the ball reaches the exit.

Personality usually comes first. Cognitive modules are short and timed. You may pause **between** modules, never mid-module.

What each module feels like

A. ADEPT-15

- Forced-choice pairs about workplace behaviour
- Measures 15 traits across 6 styles
- No correct answer — **consistency** matters
- Answer from one stable *work* self, not an idealised self

B. Inductive (scales ix)

- Nine objects labelled A–I
- Eight follow one rule; one does not
- Target pace: ~**15 seconds per task**

C. gapChallenge

- 4×4 or 5×5 grid of symbols; one cell is ?
- Rule: each symbol appears **once per row and once per column**
- Score = how many correct in 6 minutes

Legend used in this guide: O = circle · # = square · ^ = triangle · * = star · + = cross · . = empty · ? = solve

D. motionChallenge

- 6×6 grid · columns A–F · rows 1–6
- \ turns: East→South, South→East, West→North, North→West
- / turns: East→North, North→East, West→South, South→West
- # blocker stops the ball · walls stop the ball
- One move = relocate one deflector · fewer moves is better

Critical rules

Rule	What it means
No mid-task exit	Closing mid-module usually forfeits it. No reattempt.
20-min idle logout	Keep breaks between modules under ~10 minutes.

Pop-ups required	Blocked pop-up looks like a frozen screen.
Quiet setup	Phone away, notifications off, stable internet.
Technical failure	Screenshot + email indiasupport@aon.com same day.

2. Sample Questions

2.1 ADEPT-15 — 8 sample pairs

Choose A or B — whichever is *more like you at work*.

#	Statement A	Statement B
1	I keep a detailed written plan for every project.	I adjust my approach as soon as new information arrives.
2	I speak up early when I disagree with a decision.	I make sure everyone has had their say before I add mine.
3	I stay calm when a deadline slips.	I push hard to recover the lost time.
4	I enjoy debating abstract ideas and models.	I prefer to test an idea in practice straight away.
5	I notice quickly when a colleague is frustrated.	I stay focused on the task until it is complete.
6	I credit the team before I mention my own part.	I make sure my contribution is visible to decision-makers.
7	I bring energy and talk freely in meetings.	I read my own reactions accurately under pressure.
8	I keep a positive outlook when a plan fails.	I re-forecast realistically as soon as a plan fails.

No answer key. Both options sound good on purpose. Stay consistent across similar themes.

2.2 Inductive — 6 samples

Find the odd one out (A–I).

S-I1
A Δ 3 dots · B $\square$ 4 · C $\diamond$ 5 · D $\diamond$ 6 · E $\square$ 4 · F Δ 3 · G $\diamond$ 5 · H $\diamond$ 5 · I Δ 3

S-I2
Outer contains same inner: A $\bigcirc/\bigcirc$ · B $\square/\square$ · C $\Delta/\bigcirc$ · D $\star/\star$ · E $\diamond/\diamond$ · F $\bigcirc/\bigcirc$ · G $\square/\square$ · H $\star/\star$ · I Δ/Δ

S-I3
A 63 · B 27 · C 90 · D 45 · E 84 · F 18 · G 72 · H 36 · I 54

S-I4

Arrow + square on pointed side — except one: G has arrow down but square above

S-I5

A H · B R · C M · D T · E U · F V · G W · H A · I Y

S-I6

A 3B/2W · B 4B/3W · C 2B/1W · D 5B/4W · E 3B/2W · F 6B/5W · G 4B/3W · H 2B/1W · I 4B/4W

Answers

Item	Ans	Rule
S-I1	H	Dots = number of sides
S-I2	C	Inner matches outer type
S-I3	E	Digits sum to 9
S-I4	G	Square sits on arrow side
S-I5	B	Vertical line of symmetry
S-I6	I	Black = white + 1

2.3 gapChallenge — 5 samples

Find the symbol for ?. Each symbol once per row and column.

G-S1

0	#	^	*
#	0	*	^
^	*	0	#
*	^	#	?

G-S2

0	#	^	*
#	^	?	0
^	*	0	#
.	0	#	^

G-S3

0	#	^	*	
^	*	0	#	
*	0	#	^	
#	?	*	.	

G-S4 (5x5)

0	.	^	*	+
#	0	*	+	^
^	+	0	#	?
*	^	.	0	#
+	*	#	^	0

G-S5 (5x5)

0	#	^	.	+
^	*	+	0	#
.	0	#	?	*
#	^	*	+	0
*	+	0	#	^

Answers

Grid	Ans	Why
G-S1	0	Column 4 missing only 0
G-S2	*	Column 3 missing only *
G-S3	^	Column 2 missing only ^
G-S4	*	Column 5 missing only *
G-S5	^	Row 1 column missing-sets = ^

Technique: check the ? column first, then the row. If both incomplete, intersect the missing-symbol sets.

2.4 motionChallenge — 3 samples

M-S1

Ball at A1 heading East → Exit F6. Fixed \ at C1. Movable \ at E4. Blockers at D2, B5.

Answer: 1 move — place \ at **C6**. Path: A1 → C1 ↓ C6 → F6 EXIT.

M-S2

Ball A1 East → Exit A6. Movable \ at C2 and / at B5. Blockers B4, C4, D5, F3.

Answer: 2 moves — \ → **E1**, / → **E6**. Path: A1 → E1 ↓ E6 ← A6 EXIT.

M-S3

Ball C1 South → Exit F1. Movable \ at B3 and / at A6. Blockers D2, E3, D4, E6.

Answer: 2 moves — \ → **C5**, / → **F5**. Path: C1 ↓ C5 → F5 ↑ F1 EXIT.

3. Mock Test 1

Timed · one sitting

Write answers on paper. Do not check the key until you finish all four parts.

Part	Module	Timer	Items
A	ADEPT-15 style	8 min (short proxy)	20 pairs
B	Inductive	3 min	12 items
C	gapChallenge	6 min	8 grids
D	motionChallenge	6 min	4 puzzles

Part A — ADEPT-15 style

#	A	B
1	I set stretch targets even when none are required.	I fully deliver current commitments before taking more.
2	I re-plan quickly when priorities change mid-week.	I follow the agreed plan so the team knows what to expect.
3	I am comfortable challenging a senior colleague's analysis.	I look for common ground before raising an objection.
4	I like problems with no established method.	I like problems where a proven method applies well.
5	I recover quickly from critical feedback.	I use critical feedback to redesign how I work.
6	I keep files and workspace rigorously organised.	I keep my calendar open for unplanned work.
7	I volunteer to present the team's results.	I volunteer to do the analysis behind the results.
8	I notice when the mood in a meeting shifts.	I notice when numbers in a report don't add up.
9	I decide fast with 80% of the information.	I prefer to wait for the remaining 20%.
10	I enjoy meeting new stakeholders.	I enjoy going deep with a small familiar group.

11	I openly say when a task is outside my expertise.	I take the task and close the knowledge gap quickly.
12	I stay optimistic when a project is behind.	I stay realistic about what can still be delivered.
13	I keep working after others have moved on.	I know when to stop and escalate.
14	I like clear reporting lines and defined roles.	I like fluid roles that shift with the work.
15	I check my reaction before responding to conflict.	I respond immediately so issues don't fester.
16	I want responsibility for a budget or team.	I want to be the recognised technical expert.
17	I adapt my message to each audience.	I give everyone the same consistent message.
18	I finish well ahead of the deadline.	I keep refining until the deadline arrives.
19	I build the model first, then look at data.	I look at data first and let the model emerge.
20	I ask for help early.	I try everything I can think of first.

Part B — Inductive 3 minutes

Find the odd one out.

B1

A square(4) · B hexagon(6) · C octagon(8) · D pentagon(5) · E rectangle(4) · F hexagon(6) · G decagon(10) · H octagon(8) · I square(4)

B2

A ↗ · B ↘ · C ↙ · D ↖ · E ↗ · F ↓ · G ↘ · H ↙ · I ↖

B3

A 49 · B 63 · C 84 · D 91 · E 56 · F 68 · G 77 · H 35 · I 42

B4

A big○/small□ · B big□/smallΔ · C bigΔ/small○ · D big★/small○ · E big◇/small□ · F small○/big□ · G big□/small★ · H big○/smallΔ · I big◇/small○

B5

A A · B C · C E · D G · E I · F K · G M · H P · I O

B6

Two shaded cells in a 2×2: A topL+topR · B topL+botL · C botL+botR · D topR+botR · E topL+topR · F topL+botR · G botL+botR · H topR+botR · I topL+botL

B7

Outer / inner: A Δ/□ · B □/◇ · C ◇/□ · D Δ/◇ · E □/octagon · F ◇/◇ · G ◇/octagon · H Δ/◇ · I □/◇

B8

A ★●★ · B ▲■▲ · C ●★● · D ■▲■ · E ★▲★ · F ●■● · G ▲★● · H ■●■ · I ★■★

B9

Angles of two lines: A–D and F–I are 90° · E is 60°

B10

Dot counts: A 2 · B 3 · C 5 · D 7 · E 11 · F 13 · G 9 · H 17 · I 19

B11

Half shaded: A ○ left · B □ top · C Δ left · D ★ left · E ◇ left · F ○ left · G □ left · H Δ left · I ◇ left

B12

A 12/21 · B 34/43 · C 56/65 · D 78/87 · E 19/91 · F 23/32 · G 45/54 · H 67/77 · I 89/98

Part D — motionChallenge 6 minutes

D1

Ball A1 East → Exit F6. Movable \ at C1, B3, E3, A5. Blockers D1, C4, F3. Give minimum moves + path.

D2

Ball A6 East → Exit F1. Movable / at C6, B2, E5. Blockers D6, C2. Give minimum moves + path.

D3

Ball A2 East → Exit F6. Movable \ at C5, A1, B4, F1. Blockers D2, C6, F5. Give minimum moves + path.

D4

Ball F1 South → Exit A3. Movable / at B1 and \ at C1. Blockers D2, E3, D4, C6. Give minimum moves + path.

Mock Test 1 — Answer Key

Part A: No answer key. Check consistency on planning (items 2 / 6 / 14) and assertiveness (3 / 13 / 20). Be work-context honest.

Part B

#	Ans	Rule
B1	D	Even number of sides
B2	F	Diagonal arrows only
B3	F	Divisible by 7
B4	F	Left shape always larger
B5	H	Odd alphabet position
B6	F	Shaded cells share an edge
B7	C	Inner has more sides than outer
B8	G	1st symbol equals 3rd
B9	E	Angle is 90°
B10	G	Dot count is prime
B11	B	Left half shaded
B12	H	Second number is digit reverse

Part C

Grid	Ans	Why
C1	O	Col 3 missing O
C2	*	Col 1 missing *
C3	*	Row $\cap$ col missing-sets = *
C4	+	Col 3 missing +
C5	#	Row $\cap$ col = #
C6	#	Row 5 missing {#,+}; col 3 has + $\rightarrow$ #
C7	#	Row 2 $\cap$ col 5 $\rightarrow$ #
C8	+	Multi-step elimination $\rightarrow$ +

Part D

D1 — 2 moves. Keep C1 & E3. Move B3 $\rightarrow$ C3, A5 $\rightarrow$ E6. Path: A1 $\rightarrow$ C1 $\downarrow$ C3 $\rightarrow$ E3 $\downarrow$ E6 $\rightarrow$ F6 EXIT.

D2 — 2 moves. Keep C6. Move B2 $\rightarrow$ C3, E5 $\rightarrow$ F3. Path: A6 $\rightarrow$ C6 $\uparrow$ C3 $\rightarrow$ F3 $\uparrow$ F1 EXIT.

D3 — 3 moves. Keep C5. Move A1 $\rightarrow$ C2, B4 $\rightarrow$ E5, F1 $\rightarrow$ E6. Path: A2 $\rightarrow$ C2 $\downarrow$ C5 $\rightarrow$ E5 $\downarrow$ E6 $\rightarrow$ F6 EXIT.

D4 — 2 moves. Move / $\rightarrow$ F5 and \ $\rightarrow$ A5. Path: F1 $\downarrow$ F5 $\leftarrow$ A5 $\uparrow$ A3 EXIT.

4. Mock Test 2

Timed · same structure

Same timings as Mock 1. Different items. One sitting.

Part A — ADEPT-15 style

#	A	B
1	I am energised by competing for a result.	I am energised by improving a process.
2	I document my work so anyone can pick it up.	I move on as soon as the current task works.
3	I keep composure when a customer escalates.	I match the customer's urgency so they feel heard.
4	I understand the theory before I build.	I build and learn from what breaks.
5	I raise risks even when the team is confident.	I back the team's decision once it is made.
6	I prefer detailed written instructions.	I prefer a clear goal and freedom on method.
7	I track performance vs peers.	I track performance vs my last quarter.
8	I start conversations easily with strangers at events.	I keep long-term working relationships strong.
9	I admit mistakes publicly and quickly.	I fix mistakes quietly and report the outcome.
10	I plan my week in detail on Monday.	I set three priorities and let the week arrange itself.
11	I stay steady through repeated setbacks.	I change tactics as soon as a setback appears.
12	I look for the pattern behind unrelated issues.	I resolve each issue on its own merits.
13	I am comfortable being the person who says no.	I am comfortable finding the compromise.
14	I need to know why a rule exists before following it.	I follow the rule and ask afterwards.
15	I get satisfaction from mastering a difficult skill.	I get satisfaction from being visibly successful.
16	I read people's unspoken concerns well.	I read technical documentation quickly.

17	I keep an even tone in disagreements.	I let my conviction show in disagreements.
18	I set my own deadlines ahead of official ones.	I use the official deadline and pace to it.
19	I enjoy leading a group through ambiguity.	I enjoy contributing expertise inside clear structure.
20	I ask many questions when joining a new project.	I observe carefully and form my own picture first.

Part B — Inductive 3 minutes

B1

Dot counts: A 3 · B 6 · C 9 · D 12 · E 15 · F 18 · G 21 · H 24 · I 20

B2

Black mark at top-left on every shape except F (bottom-right)

B3

A 16 · B 25 · C 36 · D 49 · E 64 · F 81 · G 44 · H 16 · I 25

B4

Outer white / inner black — except G (colours reversed)

B5

Three circles, exactly one filled — except G (two filled)

B6

Shape repeated as many times as it has sides — I has 4 triangles (should be 3)

B7

A C-3 · B F-6 · C J-10 · D M-13 · E P-16 · F S-19 · G V-22 · H Y-25 · I H-9

B8

2×2 with exactly 3 shaded cells — F has only 2 shaded

B9

Two polygons whose side counts sum to 9 — G is $\triangle + \triangle = 10$

B10

Dice faces sum to 7 — G is $2+6 = 8$

B11

Constant step sequences — H is 3, 6, 10 (+3 then +4)

B12

Black has fewer sides than white — F black hexagon / white square fails

Part C — gapChallenge 6 minutes

E1

```
* 0 # ^
^ * 0 #
# ? * 0
0 # ^ *

```

Part D — motionChallenge 6 minutes

F1

Ball A4 East → Exit F1. Movable / at A1, C6. Blockers E4, C2, B2.

F2

Ball B1 South → Exit F6. Movable \ at A2, D6. Blockers B5, D2, E3.

F3

Ball A1 East → Exit A6. Movable \ at F2, / at E5, / at B6. Blockers D1, C4.

F4

Ball A6 East → Exit F1. Movable / at C6, B2, A4, D1. Blockers D6, C3, F4.

Mock Test 2 — Answer Key

Part A: No key. Consistency check — Structure (2/6/10/18), Assertiveness (5/13/17), Achievement (1/7/15).

Part B

#	Ans	Rule
B1	I	Multiple of 3
B2	F	Dot at top-left
B3	G	Perfect square
B4	G	Outer white / inner black
B5	G	Exactly one filled
B6	I	Count = number of sides
B7	I	Number = alphabet index
B8	F	Exactly three shaded
B9	G	Side counts sum to 9
B10	G	Dice sum to 7
B11	H	Constant arithmetic step
B12	F	Black has fewer sides

Part C

Grid	Ans	Why
E1	^	Col 2 missing ^
E2	O	Col 4 missing O
E3	#	Row $\cap$ col = #
E4	^	Col 2 missing ^
E5	*	Row $\cap$ col = *
E6	*	Col 5 missing *
E7	^	Row $\cap$ col = ^
E8	+	Row 1 $\cap$ col 1 missing-sets = +

Part D

F1 — 2 moves. / $\rightarrow$ D4 and / $\rightarrow$ D1. Path: A4 $\rightarrow$ D4 $\uparrow$ D1 $\rightarrow$ F1 EXIT.

F2 — 2 moves. \ $\rightarrow$ B4 and \ $\rightarrow$ F4. Path: B1 $\downarrow$ B4 $\rightarrow$ F4 $\downarrow$ F6 EXIT.

F3 — 3 moves. \ $\rightarrow$ C1, / $\rightarrow$ C3, / $\rightarrow$ A3. Path: A1 $\rightarrow$ C1 $\downarrow$ C3 $\leftarrow$ A3 $\downarrow$ A6 EXIT.

F4 — 3 moves. Keep C6. Move to C4, E4, E1. Path: A6 $\rightarrow$ C6 $\uparrow$ C4 $\rightarrow$ E4 $\uparrow$ E1 $\rightarrow$ F1 EXIT.

5. Preparation Sources

Official Aon (use these first)

Resource	Link
Prepare for your online assessment	aon.com/.../prepare-for-your-online-assessment
HomeHub portal	aon-assessment.com/homehub
Assessment overview	aon.com/.../assessment-and-selection

On the Aon hub, practise specifically: **gapChallenge PDF**, **scales ix PDF**, and the **motionChallenge demo** (best 10 minutes of prep).

ADEPT-15

- Aon India ADEPT page
- aon.com/india/adept

Employer context

- GE HealthCare careers
- GE HealthCare about / culture

Optional paid drill

- JobTestPrep Aon packs
- GraduatesFirst Aon / cut-e

Recommended order: Official demos → this guide's mocks → paid pack only if still slow.

Support

Issue	Contact
Crash / expired link / re-issue	indiasupport@aon.com
Accessibility adjustment	Same email — request before starting
Role / timeline questions	Your GE HealthCare recruiter

6. Day-of Checklist & Strategy

24 hours before

- ☐ Re-do official demos (~15 min)
- ☐ Memorise \ and / turn rules
- ☐ Sleep > cramming
- ☐ Confirm HomeHub login (don't start)
- ☐ Block 60 minutes in calendar

30 minutes before

- ☐ Laptop plugged in
- ☐ Strong Wi-Fi / ethernet
- ☐ Pop-ups allowed for aon-assessment.com
- ☐ VPN / Slack / Teams closed
- ☐ Phone in another room
- ☐ Paper + pen ready

Strategy by module

ADEPT-15: Steady pace. One work context. Pick what's more true, not more impressive.

Inductive: Scan count → sides → fill → orientation. Cap ~20s; guess and move on.

gapChallenge: Column → row → intersect missing sets. Don't solve the whole grid. Aim ~20s/item.

motionChallenge: Plan backwards from the exit. Blockers reveal the corridor. Cap ~60s then take next.

If something breaks

1. Don't close unless clearly crashed
2. Screenshot (include URL + clock)
3. Check pop-up blocker first
4. Email **indiasupport@aon.com** same day + notify recruiter
5. Don't restart the whole battery blindly

Final pre-flight: pop-ups on · VPN off · phone away · charger in · paper ready · deflection rules fresh · gapChallenge scan order fresh. Good luck.
