

GE HealthCare EID: Question Practice Roadmap

Tick boxes as you practice

Vansh Rawat | Companion: [GE_Prep_Roadmap.pdf](#)

GFG SVNIT + PCON EID 2024 + senior 2025 + InterviewSense SE 2026. No dedicated LC GE India 2026 thread.

0) Anchors (read once)

- PCON — EID Intern 2024 (OOP-wrapped DSA)
- GFG — SDE Intern SVNIT Aug 2024
- GFG — On-Campus (matrix diagonals, LL)
- GFG — EEDP FTE (50 MCQ + polymorphism live)
- Senior 2025: 2 DSA OA + 20 CS MCQ → HireVue → Tech → HR → Personality

1) OA blocks → links

Block	Do
CS MCQs (OS/DBMS/CN/OOP)	Links A–D
DSA Easy–Medium coding	Sec 3–4
Aptitude / English (if any)	Links E, F
HireVue scripts	GE_HireVue_Prep.pdf

- A** GFG OS Interview Qs
- B** GFG DBMS Interview Qs
- C** GFG CN Interview Qs
- D** GFG OOP Concepts quiz
- E** IndiaBIX Aptitude
- F** IndiaBIX Verbal / English

2) Core CS checklist

- ☐ OOP: encapsulation, inheritance, polymorphism (compile-time vs runtime)
- ☐ OS: process vs thread, deadlock (4 conditions), mutex/semaphore
- ☐ DBMS: ACID, normalization (1NF–3NF idea), INNER vs LEFT JOIN
- ☐ CN: OSI 7 layers (names + 1-line purpose each)
- ☐ SQL: third-highest salary; GROUP BY + HAVING

3) Named algorithms (logic-first)

Senior: mostly logic. EID 2024: also code Easy DSA inside OOP classes.

- ☐ Kadane (max subarray) ☐ Two Sum (hash map) + **OOP class wrap**
- ☐ Sum of leaf nodes (tree) + **OOP** ☐ First unique character
- ☐ Valid parentheses ☐ Group anagrams ☐ Longest substring no repeat
- ☐ Matrix diagonals (N×N) ☐ LL insert + delete ☐ Merge intervals
- ☐ Level-order / zig-zag traversal ☐ BFS/DFS (islands)
- ☐ Prefix sum ☐ Sliding window ☐ Climbing stairs
- ☐ Sieve of Eratosthenes ☐ Tower of Hanoi (explain + code) ☐ BST insert/delete

4) Striver / LeetCode list

https://leetcode.com/u/Rawat_987/

- ☐ Two Sum ☐ Maximum Subarray ☐ Contains Duplicate
- ☐ First Unique Character ☐ Valid Anagram ☐ Group Anagrams
- ☐ Valid Parentheses ☐ Longest Substring Without Repeating Characters
- ☐ Reverse Linked List ☐ Merge Two Sorted Lists ☐ Merge Intervals
- ☐ Binary Tree Level Order ☐ Maximum Depth ☐ Sum of Left/Leaf Nodes style
- ☐ Number of Islands ☐ Climbing Stairs ☐ Best Time to Buy/Sell Stock

5) Technical interview bank

- ☐ LogiFlow: team role, multimodal idea, what you owned, tradeoffs
- ☐ EduAce: workflow, Django auth, AI integration, improvements
- ☐ Beneath The Blue: 3-tier arch, quiz scoring server-side, CSRF
- ☐ Web Wonder: team lead STAR story
- ☐ OOP live: Animal/Dog polymorphism in C++ or Python
- ☐ **OOP+DSA**: Two Sum class + Sum-of-leaves class (EID 2024)
- ☐ Design: testing software / unit vs integration tests
- ☐ ML lite: supervised vs unsupervised; how you'd measure accuracy

6) HR + personality

- ☐ Hobbies, Nexus role, teamwork example
- ☐ Why GE HealthCare + one product (MRI, ultrasound, Edison platform)
- ☐ Competitor awareness (Siemens Healthineers, Philips) — SVNIT 2024 HR
- ☐ Personality: answer situational Qs consistently (no gaming)
- ☐ Puzzle games: practice simple pattern/logic games under time

7) Mock schedule

- ☐ OA mock: 45 min — 2 problems + 20 MCQ flash review
- ☐ HireVue: record 5 answers, 3 takes each
- ☐ Tech mock: 60 min — projects 20 min + DSA logic 20 min + CS 20 min
