RESEARCH

SemEval-2026: Detecting Machine-Generated Code

Research Contributor

ACL Anthology | GitHub

2025 - 2026

- Published in the Proceedings of the 20th International Workshop on Semantic Evaluation (SemEval-2026) for AI-generated code detection.
- Developed and evaluated robust NLP models across multiple subtasks, securing competitive leaderboard ranks: 7th out of 30 (Subtask C), 12th of 31 (Subtask B), and 14th of 71 (Subtask A).
- Conducted adversarial validation, identifying representation instability in 40% of transformer dimensions under domain shift.

PROJECTS

MindEase - Mental Health Awareness

Django | Botpress | Matplotlib | JS

GitHub

2024

- Built a responsive website promoting mental health awareness.
- Integrated Psychobot chatbot (Botpress) for real-time QA.
- Implemented appointment booking with authentication and email confirmations.
- Designed visualizations using Matplotlib to display global mental health trends.

Fashion Fiesta - Designer Platform

React | Node.js | MongoDB | Redux

Live | GitHub

2024

- Developed a responsive full-stack platform connecting student designers with users, deployed with secure hosting.
- Built a robust backend using JWT, Cloudinary, and an integrated Botpress chatbot.
- Implemented full CRUD functionality for donations, diaries, and user profiles to manage dynamic content.
- Designed a comprehensive admin dashboard featuring user role management and content moderation.

ImageDetect - AI Image Detection

React | TensorFlow | ResNet50V2

Live | GitHub

2024

- Contributed to a team project building a full-stack AI system for detecting AI-generated images.
- Worked on integrating ResNet transfer learning with a CNN-LSTM hybrid model using ensemble techniques.

TECHNICAL SKILLS

Languages: Python, C, C++, JavaScript, HTML, CSS, SQL

AI-ML: TensorFlow, PyTorch, Scikit-learn, NumPy, Pandas, Deep Learning

Tools: Django, React, Node.js, Git, MongoDB, Cloudinary, Botpress, Redux

ACHIEVEMENTS

JEE Advanced 2024: Secured All India Rank 5833

JEE Mains 2024: Secured All India Rank 9012

Winner - Genesis 2026: Secured 1st Rank in product-building saga by CEV x ACM x GDGC.

ML Specialization: Completed 3-course series by Andrew Ng, 2025
