

Henil Shah

Artificial Intelligence Engineering Student, SVNIT Surat

henilshah110@gmail.com — +91 9408375936 — LinkedIn — GitHub — Portfolio — LeetCode — Codeforces

Summary

Artificial Intelligence Engineering student at SVNIT Surat with experience building end-to-end machine learning and software engineering projects using PyTorch, OpenCV, Flask, Django and Gradio. Passionate about computer vision, backend development, competitive programming, and building impactful AI applications.

Projects

Face Aging & De-Aging using CycleGAN

PyTorch + CycleGAN + OpenCV + Gradio — GitHub

- Designed and implemented a complete **CycleGAN** pipeline for realistic **facial aging** and **de-aging** using unpaired image-to-image translation.
- Built the complete **ML workflow** including **IMDB-WIKI preprocessing**, face detection, training, inference, and seamless **facial blending**.
- Developed a **Gradio web application** supporting real-time inference, side-by-side comparison, and **GPU acceleration**.
- Trained the model for 100 epochs using **adversarial**, **cycle consistency**, and **identity losses** while preserving **facial identity**.

Codeforces Toolkit Chrome Extension

Chrome Extension + Flask — GitHub

- Built a **Chrome extension** with a **Flask backend** to automate **Codeforces contest workflows**.
- Implemented **one-click workspace generation**, automatic **VS Code project creation**, and **C++ template initialization**.
- Developed an **in-browser testing system** that compiles, executes, and validates C++ solutions against sample test cases.
- Integrated the **Codeforces API** to provide **live contest progress tracking**.

Food Recipe Sharing Platform

Django

- Developed a full-stack recipe sharing platform using **Django**, **HTML**, **CSS**, and **MySQL**.

Technical Skills

Languages: C++, Python, HTML, CSS

Frameworks & Libraries: PyTorch, OpenCV, Django, Flask, Gradio

Databases: MySQL

Developer Tools: Git, Gradio, VS Code, Framer

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming, Operating Systems, Computer Networks, DBMS, Machine Learning

Education

Degree	Institute	CGPA/Score	Year
B.Tech Artificial Intelligence Engineering	SVNIT Surat	8.75/10	2024–Present
Higher Secondary (CBSE)	Green Valley High School, Vadodara	90.6%	2024

Positions of Responsibility

Secretary – Literary Affairs Committee, SVNIT Surat

June 2026 – Present

- Lead the planning and execution of literary events, workshops, competitions, and institute-wide activities.
- Coordinate with club members and volunteers to organize events while increasing student engagement.
- Collaborate with student bodies and faculty to manage logistics, publicity, and event execution.

Certifications

- Codeforces: Max Rating 1463 (Specialist)
- Solved 300+ Data Structures & Algorithms problems across Codeforces, LeetCode, etc.
