EDUCATION

Sardar Vallabhbhai National Institute of Technology, Surat

Aug. 2024 – Present

Bachelor of Technology in Computer Science and Engineering

Surat, India

- **Coursework:** Artificial Intelligence, Microprocessor and Interfacing Techniques, Information Security, Object-Oriented Programming

Gandhi Memorial Intercontinental School, Jakarta

Jul. 2021 – Mar. 2024

High School Diploma

Jakarta, Indonesia

- **Coursework:** Object-Oriented Programming

PROJECTS

Study Application

- Built a desktop study application using **Electron** featuring an integrated **Pomodoro timer** to improve productivity
- Developed an **offline AI chatbot** capable of answering questions by referencing locally stored study materials
- Integrated **Google Drive** for seamless synchronization and access to study resources
- Implemented a **study planner** to organize schedules, tasks, and learning goals

Traffic Simulator

- Built a traffic simulation system to model city road networks and assist in improving road infrastructure planning using **C++** and **CMake**
- Designed and implemented the graphical interface using **SFML** for real-time visualization of traffic movement
- Implemented the **A* pathfinding algorithm** to compute optimal routes between source and destination nodes within the simulation

SKILLS

Languages: Python, HTML/CSS, JavaScript, SQL, C, C++, Java

Frameworks: React.js, Angular, Electron

Tools: GitHub, Git, Linux, PostgreSQL, MySQL, Wireshark, Canva, Audacity, Figma

EXPERIENCE

PT Horizon Tech Solutions Indonesia

June 2026- July 2026

Software Development Intern

Indonesia

- Developed a **User Management System** for an ERP platform using **Angular**
- Learned and applied **Angular** to build responsive, component-based web applications

Healing Heads

Apr. 2024 – Jul. 2024

Graphic Designing Intern

New Delhi, Delhi

GDGC NIT Surat

Oct. 2025 – Present

Junior Developer

Surat, Gujarat

- * Participated in the Kaggle Datathon; won 6th place
- * Helped in publicity for GDGC's Hack The Tank 3.0
