Education

Sardar Vallabhbhai National Institute of Technology (SVNIT)

Surat, India

B.Tech in Computer Science and Engineering

Aug 2024 – Present

- GPA: 9.07 / 10.0

Experience / Academic Projects

Bloom Branding – Google Winter of Code (GWOC)

Team Project

Technologies: Next.js, TypeScript, React, Tailwind CSS, Firebase, CMS Integration

[GitHub](#) [🔗](#)

- Developed a portfolio-driven branding agency website featuring storytelling-focused design, responsive UI across 10+ sections, and CMS-backed content for scalable digital presence.
- Enhanced brand credibility and lead generation through animation-driven interactions, service showcases, testimonials, and performance-optimized frontend components.

Personalized Budget Tracker App

Team Project

Technologies: React Native, Firebase, ExpoGo

[GitHub](#) [🔗](#)

- Built a cross-platform finance app for tracking expenses, savings, and transactions with secure authentication and real-time analytics.
- Enabled smarter financial decisions through 8+ features including SMS/CSV imports, shared budgets, transaction histories, alerts, and interactive dashboards with visual spending insights.

Obstacle Detector for Visually Impaired

Team Project

Technologies: Arduino, Ultrasonic Sensor (HC-SR04), Embedded C, AI-based Motion Analysis

[Video](#) [🔗](#)

- Developing an intelligent obstacle detection system using ultrasonic sensors to assist visually impaired individuals in safe navigation, processing real-time distance data for reliable low-latency obstacle detection.
- Implemented a real-time motion analysis algorithm to classify static and moving obstacles using sequential distance readings and threshold logic, integrating microcontroller-controlled vibration and buzzer modules for immediate tactile and audio feedback.

Clubs and Activities

Google Developer Group on Campus (GDGC) – Junior Developer (SVNIT)

Active member of a developer community, contributing to projects and participating in hackathons and workshops focused on modern development technologies.

Nexus Coding Club – Member (SVNIT)

Participated in coding challenges and peer learning sessions, strengthening problem-solving, algorithmic thinking, and collaboration skills.

NSS Technical Committee – Volunteer (SVNIT)

Managed NSS live digital platforms (website updates, event technical support) while organizing workshops, industrial visits, and community initiatives, strengthening coordination, leadership, and operational efficiency.

Technical Skills

Languages: C, C++, Python, JavaScript, TypeScript, SQL, Kotlin

Frontend & Mobile: HTML, CSS, Tailwind CSS, React.js, Next.js, React Native, Expo

Backend & Database: Firebase, MySQL

CS Fundamentals & Tools: Data Structures & Algorithms, OOP, Git, GitHub
