

EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech - CSE	National Institute of Technology, Surat	7.2 (Current)	2024-Present
Higher Secondary	CBSE Board	84.5%	2023
Secondary	CBSE Board	91.4%	2021

TECHNICAL SKILLS

- **Computer Languages:** Python, C/C++, HTML5, CSS, Javascript, SQL, Java
- **Frameworks and Tools:** ReactJS, Django, Node.js, Git, REST APIs, Tailwind CSS
- **Core Concepts:** Data Structures and Algorithms, OOP, DBMS, Software Development Lifecycle, API Integration
- **Development Tools:** Git, GitHub, VS Code

PROJECTS

- **FlywaySafe — Data-Driven Wind Turbine Optimization Platform** DotSlash 9.0
React.js, Node.js, Tailwind CSS, Python, JavaScript [Link](#) | [Github](#)
 - Developed a full-stack platform to optimize wind turbine shutdown schedules during migratory bird movements.
 - Integrated **3 heterogeneous datasets** and applied feature engineering to improve migration risk analysis
 - Formulated a **multi-objective optimization** model balancing bird collision risk with energy production loss.
 - Built a scalable architecture for future ML model integration and real-time decision support.
- **AquaVibes- Making Ocean Exploration accessible for all!** Web Wonders
ReactJS, Tailwind CSS, Django, Postgres SQL [Link](#) | [Github](#)
 - A responsive, user-friendly **platform** with features including **Community section, Marine Ecosystem, Donation page, Chat with friends, games.**
 - Developed a predictive chatbot using **time-series analysis** for sea-level forecasting
 - Integrated backend models with Django APIs for real-time interaction
- **RealEstateAI — Retrieval-Augmented Property Intelligence System** Genesis
Python, LLM APIs, Retrieval-Augmented Generation (RAG), BeautifulSoup, Pandas, FAISS, NumPy [Link](#) | [Github](#)
 - **Automated scraping of real estate listings** (Sale and Rent) from major property portals (configured for MagicBricks style URLs)
 - Compares "Buying" vs. "Renting and Investing" strategies over a 20-year horizon. Provides clear **recommendations: Buy, Rent, or Neutral.**
 - Integrates with **Google Gemini** to generate human-like answers and summaries.

ACHIEVEMENTS

- **DotSlash 9.0, Finalist** , (Top 8 teams out of 40 teams) 2026
- **Oodo X Mindbend Hackathon**, One of the 5 teams selected for Hackathon organised by Mindbend, NIT Surat 2025
- **Earth Care Awards, Finalist** , shorted list for the national level round 2025
- **National Youth Dialogue, Representative** of Maharashtra. 2025
- **Web Wonders**, Selected as **finalist** of the ocean exploration theme 2025
- **Google Cloud Challenge'25**, Completed Cloud Computing and Generative AI tracks and accomplished badges from Google 2025
- **Google BigCode Challenge**, Selected as a Semi-Finalist (Top 1,500) demonstrating strong problem solving skills. 2026

EXPERIENCE

- **IIT Bombay** May 2026 - July 2026
Research Internship Under prof. Sudeep Bapat
 - Building expertise in time series forecasting techniques for electrical load demand prediction.
 - Performing exploratory data analysis on electricity consumption datasets to identify demand patterns, seasonal trends, and underlying data characteristics.
 - Conducting a comprehensive literature review of machine learning approaches for electrical load forecasting to compare forecasting models and identify potential research directions.

POSITIONS OF RESPONSIBILITY

- **Technical Head**, Think India, NIT Surat Jan. 2025- Present
- **Junior Developer**, Developer Student Club, NIT Surat Oct. 2025- Present
- **Executive**, Association for Computing Machinery, NIT Surat Sept. 2025 - Present
