EDUCATION

Sardar Vallabhbhai National Institute of Technology <i>Bachelor of Technology in Computer Science (CGPA-8.63)</i>	Surat, Gujarat Aug. 2024 – Present
Sanskar Bharati Vidyalaya <i>Higher Secondary Education (Percentage-86.15)</i>	Surat, Gujarat Jun. 2022 – March. 2024
LP Savani Vidyabhavan <i>Secondary Education (Percentage-96.5)</i>	Surat, Gujarat Jun 2011 – Mar. 2022

PROJECTS

Spenzia | *React Native, TypeScript, Firebase*

- Built a cross-platform personal finance application using React Native, Expo, TypeScript, and Firebase Authentication.
- Developed features including expense tracking, savings goals, financial heatmaps, and category-wise spending analytics with Cloud Firestore for real-time synchronization.
- Designed reusable UI components and implemented secure authentication and optimized Firestore queries to improve performance.
- Integrated interactive charts and dashboards to help users visualize spending trends and monthly budgets.

Bloom Branding | *Next.js, TypeScript, Firebase*

- Developed a responsive full-stack web application using Next.js, TypeScript, and Firebase.
- Implemented user authentication, dynamic content management, and real-time form submissions using Firestore.
- Built reusable React components to improve maintainability and responsiveness across devices.

Food Ordering System | *Python, SQL, HTML/CSS*

- Designed and implemented a relational SQL database with normalized tables for customers, restaurants, orders, and deliveries.
- Developed a responsive HTML/CSS frontend integrated with backend logic for order management.
- Implemented SQL joins, constraints, and queries to ensure efficient data retrieval and consistency.

TECHNICAL SKILLS

Languages: Python, C/C++, SQL, JavaScript, Typescript

Frontend: React, Next.js, React Native, HTML, CSS, Expo

Backend: Firebase Authentication, Cloud Firestore

Developer Tools: Git, GitHub, VS Code, Figma

ACHIEVEMENTS

JEE Main 2024: Achieved 99.33 percentile among 1.2 million candidates nationwide.

Genesis: Selected as a finalist in a bootcamp organized by ACM, GDGC, and CEV. Collaborated with a team of developers to translate concept wireframes into high-quality code, delivering the finalized Spenzia mobile application under strict timelines.

MindSprint: Participated in a 48-hour hackathon, collaborating with a team to build a web-based platform with backend services.

POSITION OF RESPONSIBILITY

Mindbend (Technical Festival, SVNIT)
