Education

Sardar Vallabhbhai National Institute of Technology, Surat

B.Tech in Computer Science and Engineering

Aug. 2024 - Present

CGPA: 6.95

Telangana State Board of Intermediate Education

Class XII

2022 – 2024

Percentage: 98.2%

Skills

Languages: Python, JavaScript, HTML/CSS, SQL (MySQL)

Frameworks / Libraries: React.js, React Native, Flask, Expo

Tools & Platforms: Git, GitHub, Firebase, Figma

Projects

Farm-Cart | *MySQL, Flask, Python*

[\[GitHub Link\]](#)

- Designed an 11-table **MySQL** relational database to digitize the agricultural supply chain.
- Implemented stored procedures with transaction control for atomic order processing.
- Built database triggers for inventory synchronization and auditing.
- Developed functions and cursors for stock validation and expiry-based discounts.
- Created a **Flask**-based admin dashboard with role-based access control.

Personalised Budget | *React Native, Firebase, ML*

[\[GitHub Link\]](#)

Sept. 2019 – May 2020

- Architected a real-time budget tracking system using **React Native** and **Expo** for cross-platform mobile deployment.
- Integrated **Firebase Authentication** and **Firestore** for secure, cloud-synced financial data across devices.
- Engineered a data pipeline using **Regex** and **Machine Learning** to auto-categorize transactions and normalize multi-currency inputs.
- Developed a predictive budgeting engine forecasting expenses from historical trends.
- Designed a high-fidelity mobile UI in **Figma** focused on seamless expense logging.

Smart Attendance System | *Python, InsightFace, FAISS, Flask*

[\[GitHub Link\]](#)

- Built an AI-powered face-recognition attendance system to eliminate manual roll-call and proxy (buddy) attendance.
- Implemented **ArcFace** (InsightFace buffalo_sc) embeddings achieving 97%+ recognition accuracy across 100+ students.
- Added blink-based liveness detection using **MediaPipe** EAR to block photo-spoofing attacks.
- Engineered real-time face matching with **FAISS** vector search (IndexFlatIP, cosine similarity) for instant lookups.
- Developed a **Flask** REST API and live web dashboard for session control, attendance tracking, and one-click Excel/CSV report export.

Achievements

- Codeforces:** Achieved a max rating of 1005; actively participate in competitive programming rounds. [\[Profile\]](#)
- LeetCode:** Solved 100+ problems with a contest rating of 1438. [\[Profile\]](#)
