EDUCATION

- Sardar Vallabhbhai National Institute of Technology, Surat** 2024 - Present
B.Tech - Computer Science and Engineering CGPA : 8.78 (Current)
- Dnyandeep Vidya Mandir Bhadgaon, Ratnagiri** 2024
HSC Board, Maharashtra Percentage: 91.33
- Dnyandeep Vidya Mandir Bhadgaon, Ratnagiri** 2022
SSC Board, Maharashtra Percentage: 99.20

PERSONAL PROJECTS

- Rabuste Coffee – Specialty Café Platform | Google Winter of Code (GWOC) 2026** Demo / Repository
Developed a full-stack digital platform for a specialty Robusta coffee café that integrates café operations, digital ordering, AI-powered recommendations, and customer engagement into a single scalable system.
 - Tools & technologies used: React.js, Node.js, Express.js, MongoDB, Tailwind CSS, Razorpay API, Google Gemini API, Cloudinary, Resend, JWT, bcrypt
 - Implemented QR-based ordering, pre-orders, and secure online payments with automated refunds.
 - Integrated Google Gemini to power an AI coffee recommendation system and chatbot for personalized user experience.
 - Built a secure admin dashboard with analytics and order management, delivering a scalable and production-ready platform for modern café operations.
- Training & Placement Cell Portal – SVNIT | DBMS Mini Project 2025** Repository
Developed a secure web-based portal to streamline internship and placement management for students, recruiters, and administrators at SVNIT.
 - Tools & technologies used: PHP, MySQL, HTML, CSS, JavaScript, Apache (XAMPP), PHPMailer
 - Implemented role-based dashboards, application tracking, and notification systems with strong security features including SQL injection prevention and secure session handling.
 - Designed and optimized relational database schemas with normalized tables, complex SQL queries, and indexing to ensure data integrity, scalability, and efficient performance.

TECHNICAL SKILLS AND INTERESTS

Languages: C, C++, Python, HTML, CSS, JavaScript, TypeScript

Developer Tools: Git, Github, VS Code, Google Cloud, Jupyter Notebook

Frameworks: React.js, Node.js, Express.js

Databases: MySQL, MongoDB

Data Science Libraries: NumPy, Pandas, Scikit-learn, Matplotlib

Coursework: Data Structures & Algorithms, Object Oriented Programming, Database Management System, Computer Networks

Areas of Interest: Full Stack Development, Machine Learning, Artificial Intelligence

ACHIEVEMENTS

- Codeforces** : Contest Rating : Pupil - 1363 (Max) Profile
- LeetCode** : 500+ Problems Solved | Contest Rating : 1560(Max) Profile
- HackOn With Amazon 6.0** : Participated in the virtual hackathon 2026
- Google Cloud Study Jams** : Gained hands-on experience with Google Cloud Platform 2025
- JEE Main** : Secured 99.15 percentile | AIR 13565 2024
- MHT-CET** : Achieved 99.62 percentile with Maharashtra State Rank –921 2024

POSITIONS OF RESPONSIBILITY

- Managerial Co Head**, Mindbend, NIT Surat Nov 2025 - Present
- Executive**, ACM, NIT Surat Sept 2025 - Present
- Member**, Nexus, NIT Surat Oct 2024 - Present
