SUMMARY

Aspiring Software Engineer and Computer Science undergraduate. Skilled in C++, Python, and Web Technologies, with a solid grasp of Data Structures and SQL. Experienced in developing end-to-end applications and dedicated to delivering efficient, user-centric software solutions.

EDUCATION

Sardar Vallabhbhai National Institute Of Technology, Surat BTech in Computer Science And Engineering	CGPA: 6.53 2024 – Present
Narayana Junior College Board of Intermediate Education, Andhra Pradesh	Percentage: 97% 2022 – 2024
Sree Surya Vidyaniketan Board of Secondary Education, Andhra Pradesh	Percentage: 95% 2021 – 2022

TECHNICAL SKILLS

Languages: C/C++, Python, JavaScript, SQL

Frontend: HTML, CSS, JavaScript, React.js

Backend: Node.js, Express.js, REST APIs

Databases: MySQL, MongoDB

Tools: Git, GitHub, GitHub Actions, Canva

Core Computer Science Fundamentals

- Data Structures(DSA): in C++
- Design and Analysis of Algorithms(DAA)
- Object-Oriented Programming(OOP): in C++

PROJECTS

Railway Surveillance System AI | *GitHub* | *My Contribution*

- Built an AI-based surveillance system using Python and YOLOv8 for real-time person detection and crowd analysis
- Implemented a hybrid crowd counting approach combining object detection with density estimation techniques
- Developed crowd density classification (Low to Critical) with automated alert generation
- Processed multi-format inputs (images/videos) and generated annotated visual outputs

VisionVault–A Career Guidance Platform | *GitHub* | *My Contribution*

- Created a centralized resource management system aggregating courses and certifications from multiple platforms.
- Designed and implemented a modular OOP architecture, separating domain selection, learning roadmap generation, assessment, and performance tracking.
- Developed performance tracking and data handling using JSON for persistent storage.

Rhythmix

- Developed a Spotify-inspired music streaming application with features like play/pause, seek, playlist management, and track navigation.
- Integrated dynamic song loading and playlist rendering using structured data (JSON/arrays).

LEADERSHIP & EXTRA CURRICULARS

Cadet-National Cadet Corps(NCC)

- Secured Alpha Grade in 'B' Certificate Examination
- completed Combined Annual Training Camps(CATC), developing leadership, coordination, and decision-making skills in structured training environments.

GDGC–Google Developer Groups on campus

- Junior Developer
