Education

B.Tech (ECE) , Sardar Vallabhbhai National Institute of Technology, Surat 8.52 (till 4th sem)	2024 – 2028 Surat
12th , GD Goenka International School, Surat 94.2%	2022 – 2023 Surat
10th , Euro School, Surat 90%	2020 – 2021 Surat

Skills

Languages

C++

Software Principles

Object-Oriented Programming (OOPs)

Non-Technical

Problem Solving, Adaptability, Self-Learning

CS Fundamentals

Data Structures and Algorithms, Database Management Systems (DBMS), Operating System (OS), Computer Networks (CN), Computer Architecture

Tools

Git, GitHub, VS Code

Projects

Library Management System, C++, OOPs, File Handling

github.com/dineshparihar07/library-management-system

- Built a console-based library management system in C++ applying core OOP principles (inheritance, encapsulation, polymorphism) to manage books, members, and issue/return transactions.
- Implemented persistent data storage using file handling (ifstream/ofstream), allowing data to be saved and reloaded across sessions.
- Used STL containers (vector, map) for efficient record management and search.

DSA Practice Repository, C++

github.com/dineshparihar07/leetcode-practice

- Maintain a topic-wise (Arrays, Trees, Graphs, DP) repository of selected LeetCode solutions in C++ with approach notes and complexity analysis, reflecting ongoing DSA practice.

Key Courses Taken

Key Courses Taken

Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems, Operating System, Computer Networks

Achievements

Achievements

Solved 300+ problems on LeetCode, covering Arrays, Strings, Linked List, Trees, Graphs and Dynamic Programming.
