PROJECT

Techvyapaary — WhatsApp Automated Ordering & Automation System

- Built an automated WhatsApp-based ordering system designed to streamline customer ordering and business communication workflows.

- Developed workflows for digital ordering and WhatsApp automation with a focus on reducing manual interactions in the ordering process.
 - Leveraged AI-assisted development tools throughout the product development lifecycle, including ideation, implementation, debugging, and iteration.
 - Explored the application of AI and automation to solve practical problems faced by restaurants and other customer-facing businesses.
-

COMPETITIONS & ACTIVITIES

Kaggle Competition — SVNIT

- Participated in an institute-level Kaggle competition involving data analysis and machine learning, gaining practical exposure to working with datasets and predictive modelling.

Inter-Nit Cricket — SVNIT | 2024–25

- Participated in the institute's Inter-Nit Cricket competition during the first year of undergraduate studies.
-

LEADERSHIP & RESPONSIBILITY

Branch Counsellor — Mathematics and Computing, SVNIT | 2025–26

- Represented the Mathematics and Computing student cohort and contributed to coordination and communication between students and the department.

Vice Captain — Inter-Department Sports

- Served as Vice Captain during inter-department sports tournaments, contributing to team coordination, participation, and leadership.
