Intern — Engineering & Technology (India) 2027 | Baker Hughes (R164188)

B.Tech Artificial Intelligence, SVNIT Surat | CGPA **9.20/10** | Graduating **May 2028**

Preferred location: Bengaluru (On-site) | Indian citizen | Fluent English

Summary

Penultimate-year **B.Tech** student in **Artificial Intelligence** (Computer Science / IT-related) at **SVNIT Surat**, CGPA **9.20/10**, seeking the Baker Hughes **Intern Engineering & Technology (India) 2027** opportunity in **Bengaluru**. Combines **engineering** fundamentals with **software**, **data**, and analytical problem-solving to deliver measurable project outcomes. Experienced collaborating with **cross-functional** teams and mentors, learning new internal tools quickly, and presenting technical results clearly in oral and written **English**. Motivated by building safer, more efficient technology solutions and contributing to customer-focused engineering projects under coaching and structured training.

Education

Bachelor of Technology in Artificial Intelligence

Sardar Vallabhbhai National Institute of Technology (SVNIT), Surat, India

CGPA: 9.20/10

Aug 2024 – May 2028

- Enrolled in bachelor's program (Computer Science / IT-related); GPA equivalent well above **3.0/4.0**; graduating **2028**
- Coursework:** Data Structures & Algorithms, Software Engineering, Operating Systems, DBMS, Computer Networks, Distributed Systems, Probability & Statistics, Machine Learning

Experience

Software Engineering Intern

IFFCO (Indian Farmers Fertiliser Cooperative), Phulpur Unit, Prayagraj, India

Jun 2025 – Jul

2025

- Partnered with mentors and operations stakeholders in an industrial plant environment to deliver production software that automated **50+** **daily** workflows—improving process reliability and reducing manual effort.
- Built **10+** **REST APIs** (**Node.js**, Express, MySQL/SQL); **debugged**, tested, and deployed services with Docker and CI/CD while following team standards for quality and operational discipline.
- Communicated progress and technical trade-offs clearly; incorporated coaching and peer **code review** feedback to complete assignments on schedule.

Projects

LogiFlow — Multi-Modal Logistics Optimization Platform (Google Solution Challenge 2026, Global Top 106)

Apr 2026 – Jun

2026

Python, FastAPI, C++, Redis, SQL, GCP Cloud Run, pytest

GitHub | Live

- Co-led an engineering project optimizing cost, time, and risk across transport modes; delivered **100–400 ms** data paths with Redis caching over **580+** corridors—efficiency-focused technology for real operational decisions.
- Built automated validation (**100/100** business-rule checks) and presented technical results to judges/stakeholders; practiced structured project delivery under mentorship and team collaboration.

Community Hero — Civic Reporting Platform (Vibe2Ship 2026, Global Top 20)

Jun 2026

TypeScript, React, Express, Firebase, GCP Cloud Run

GitHub | Live

- Solo-shipped a production web application end-to-end: requirements, implementation, testing mindset, and cloud deploy—owning customer-facing outcomes under tight timelines.

AirHelp — Real-Time Decision Support Services (PowerMind Hackathon 2026)

2026

Python, FastAPI, WebSockets, graph algorithms

GitHub

- Developed concurrent real-time services and A* navigation; tuned latency to **1–3s** for **50–100** concurrent users—applied engineering judgment to performance and reliability trade-offs.

Technical Skills

Programming & Software: Python, C++, JavaScript/TypeScript, SQL, Java; REST APIs, Git, Docker, CI/CD, Linux

Data & Systems: Data structures & algorithms, DBMS/SQL, Redis, distributed services, automated testing (pytest), debugging, profiling

Professional: Cross-functional collaboration, mentoring/coaching receptiveness, clear English communication, presentation of technical results, structured project delivery

Achievements and Leadership

- LeetCode Knight:** Rating **2048**, **744** solved, 32 contests; **Codeforces Specialist:** **1419**, **265** solved — strong analytical problem-solving
- Google Solution Challenge 2026 — Global Top 106; Vibe2Ship 2026 — Global Top 20**
- Executive Member, ACM SVNIT & Mentor, Nexus SVNIT** — workshops, contests, and peer mentoring
- McKinsey.org Forward Fellow (2026)** — structured problem-solving and professional communication
